

HISTORY

2021

Gourmet Italian Food was founded in July 2021 through the merger of **Eurochef Italia** and **La Gastronomica**, leading companies in the production of high-quality fresh and frozen ready-made meals.

2022

Shortly afterwards, **Fabian**, a producer of fresh savory snacks, and **Cucina Nostrana**, a producer of fresh gastronomy and savory snacks, joined the Group.

2023

TODAY

In July 2023, **F.I.R.M.A Italia** joined the GIF Group, bringing an extensive range of dehydrated ready meals inspired by traditional Italian recipes, with a strong focus on export markets.

Today, **Gourmet Italian Food** is the market leader in Ready Meals and Sandwiches in all sales channels

STRENGTHS

PRODUCTION

Each manufacturing plant works independently, with state-of-the-art technology and strict process control, managing all phases of the production cycle in-house. All this, together with the careful selection of raw materials and the short and controlled supply chain, guarantees the full satisfaction of the end consumer.

FLEXIBILITY

Each manufacturing plant is able to adapt production to best meet market demands.

SYNERGIES

Industrial and commercial manufacturing plant, to ensure excellence in service and the ability to serve all target channels. Reduced lead times, optimized logistics and punctual deliveries.

RELIABILITY

We offer the best to our customers by having quality certifications to guarantee the safety and goodness of our raw materials and finished products.
